

HOPEDALE ASSESSOR'S OFFICE
INSPECTIONS FY'11

The Assessor's Office has begun verification inspections for Fiscal Year 2011 (exterior and interior). The inspections are being planned by area. Postcards are being sent in advance of the inspections. If you receive a postcard, you can call our office to schedule an appointment.

If you are not available when the Assessor visits, a pink door notice will be left asking you to call to schedule an interior inspection.

The inspection takes about 20 minutes. Appointments are scheduled between 8AM and 4PM; however, appointments can be scheduled before 8AM or after 4PM if this is more convenient for you.

Property inspections are triggered each year for the following reasons:

- Properties that have sold in the past calendar year;
- Properties that have an outstanding permit(s) with the Assessor's Office;
- Properties that have not been inspected in the past 3 to 5 years.

Your time and cooperation is important and will be greatly appreciated with this verification process. Assessor's office telephone: 508-634-2203 ext. 214 or 224.

Thank you,

Teri Gonsalves
Principal Assessor
